

AQUINAS COMETS CRICKET CLUB

your community, your club

www.aquinascomets.org.au

The Comets invite you to register for the 2010/2011 Season

All new players receive a free playing cap!!

We run sides from the **Under 8's to Under 16's** in the SSJCA competition, playing on Saturday mornings through the summer season – teams typically play at the same time each week. All U8s and most U10s play for only 2 hours each week – and usually under modified rules designed to involve all players. Playing cricket may not be the time commitment you think!!

We also provide an **In2cricket** cricket program designed for boys and girls mainly in the Kinder/Year 1/Year 2 (but 5-8 broadly) who would benefit from an introduction to the game and a learning of skills rather than full competition cricket. These run on Friday evenings leading up to Christmas.

For all players, new and old, we **invite you to consider** the following about our Club:

- we believe cricket should be taught both technically and to the **true spirit** of the game
- we provide a **family friendly** environment, with a focus on having **fun** while learning & playing
- we believe in **opportunities for all** to contribute to all facets of the game
- we believe everyone is entitled to **coaching & development** opportunities
- we have a **growing, young and energetic committee** focused on all of the above

Aquinas Comets looks forward to welcoming back to all our 'old' faces and to meeting all our new players and their families. Listed below are some key dates:
